Summary

Experienced software engineer with a strong background in problem-solving and a deep passion for coding. Over the past six years, including two years of industry experience, I have consistently delivered high-quality solutions while excelling in teamwork. My journey began during my final years of B.Tech, where I cultivated my skills and enthusiasm for programming and online teaching. I thrive on tackling complex challenges and am dedicated to continuous self-improvement, both technically and in communication skills. Let's connect and collaborate!

Expertise: ReactJS, Next.js, javascript, HTML, CSS, Bootstrap, Tailwind
